

VOLUNTEER ROLE:

Positive Futures: Bricklaying

Role Description

To support the delivery of Bricklaying sessions with young people, encouraging engagement, helping them develop hands-on trade skills, teamwork and confidence.

Volunteers will assist in delivering sessions where young people learn the basics of bricklaying and safe tool handling in a supportive, encouraging environment.

Duties May Include:

- Supporting young people during hands on Bricklaying activities.
- Encourage teamwork, communication and problem solving.
- Promote encouragement and guidance to young people
- Act as a positive role model for young people

Skills Required

- Enthusiasm for sustainability, creativity and working with young people
- Reliability and good communication skills
- Willingness to learn and support young people in a flexible environment
- Interest or experience in construction, bricklaying or practical trades

Benefits Include

- Gaining 3 AQA awards.
- Professional experience and development
- Access to internal job vacancies (Qualification dependent)
